## Contents

<b>Introduction</b>	<b>1</b>
<b>Allocation</b>	<b>4</b>
<b>Examples</b>	<b>6</b>
<b>Appendix A: Assumptions</b>	<b>7</b>
<b>Appendix B: Allocation Factors</b>	<b>8</b>
<b>Appendix C: Limitations</b>	<b>43</b>

## 1 Introduction

- 1.1 This note is addressed to the Lord Chancellor in his capacity as the scheme manager of the New Judicial Pension Scheme 2015 (NJPS 2015), which came into force from 1<sup>st</sup> April 2015 by the Judicial Pension Regulations 2015 ("the Regulations").
- 1.2 Allocation factors are the responsibility of the scheme manager of the NJPS, having consulted with the Scheme Actuary, under Regulation 81(b). This document forms GAD's guidance to the scheme manager.
- 1.3 Regulation 81 relates to determining the amount of pension payable to a nominated beneficiary on the member's death from the pension allocated under the election.
- 1.4 Regulation 81(b) states that the amount of pension payable to the nominated beneficiary should be determined having regard to the amount of pension allocated under the election and the beneficiary's age and gender. We have also had regard to the member's age and gender when calculating these factors.
- 1.5 This document sets out the actuarial guidance on the calculation of the additional dependant benefit which is created when members choose to allocate part of their annual pension to a dependant, under Regulation 78 of the Regulations.
- 1.6 The tables in Appendix B sets out the factors required for determining benefits when members choose to allocate part of their annual pension to a dependant.
- 1.7 We have assumed that the pension payable to the nominated beneficiary is calculated at date of allocation, not at the date of death – it appeared to us that either approach may be possible under the regulations.
- 1.8 The factors provided in this note have been prepared in light of the advice on assumptions in our letter dated 30 October 2018.
- 1.9 The scheme manager is responsible for these factors and should therefore determine the appropriate next steps including if and when any revised factors should be distributed to, and implemented by, the administrators.
- 1.10 This guidance is intended to supersede any factors or advice previously issued, for the purposes of allocation calculations, carried out from 01 April 2019. No advice or factors issued in the past should be used for cases after this date. In particular, this guidance supersedes:

"New Judicial Pension Scheme 2015: Allocation – Factors and guidance" dated 19 January 2016

and

"New Judicial Pension Scheme 2015: Allocation – Factors and guidance" dated 21 June 2016

1.11 The remainder of this introduction contains:

- details of the implementation and future review of this guidance,
- statements about third party reliance and liability

1.12 In the remainder of this note:

- the second section describes the allocation of pension calculation
- the third section provides an example calculation
- Appendix A sets out the assumptions underlying the factors contained in this guidance note
- Appendix B contains the relevant factors
- Appendix C sets out some important limitations

### **Exclusions and Scope**

1.13 Allocation of a members' pension is permitted under Regulation 78 of the Regulations. After allocation occurs the member's retirement pension is reduced by the allocated amount, and an additional dependant pension is created as set out in Regulation 81.

1.14 This note covers allocations to adult dependants and children.

1.15 The following types of cases should be referred to GAD:

- Cases where a member has reached aged 75
- Cases where the member's benefits include a Guaranteed Minimum Pension as part of a transfer in pension to the NJPS (Regulation 78(5) of the Regulations provide a limit on the amount of pension that may be allocated in such cases)

### **Implementation and review**

1.16 The factors and guidance contained in this note should be followed with effect from 01 April 2019.

1.17 This guidance has been written for pension administrators and assumes some knowledge of general pension terminology, and some familiarity with retirement calculations for the New Judicial Pension Scheme. Any questions concerning the application of the guidance should, in the first instance, be referred to the Ministry of Justice ("MoJ").

1.18 In line with best practice and in order to make sure that factors are being used as intended and the instructions are fit for purpose, we suggest that some example calculations are sent to GAD for review.

- 
- 1.19 The factors contained in this guidance will be subject to review periodically. This will depend on external circumstances, for example whenever there is a change in the SCAPE basis; when changes in the actuarial assumptions adopted for other scheme factors take place; or following each future actuarial valuation where mortality and other relevant experience is reviewed or if other credible and material information comes to light.

**Third party reliance**

- 1.20 This guidance has been prepared for the use of MoJ and the scheme administrators for the purposes of demonstrating the application of the factors covered by this guidance only. This guidance may be published on MoJ and the scheme administrator's website but must not otherwise be reproduced, distributed or communicated in whole or in part to any other person without GAD's prior written permission.
- 1.21 Other than MoJ and the scheme administrators, no person or third party is entitled to place any reliance on the contents of this guidance, except to any extent explicitly stated herein. GAD has no liability to any person or third party for any action taken or for any failure to act, either in whole or in part, on the basis of this guidance, whether or not GAD has agreed to the disclosure of its advice to the third party.

## 2 Allocation

### General information

- 2.1 Under the NJPS Regulations, a member may elect to allocate a part of their annual pension for the provision of pension after their death to a person who is their spouse, civil partner or other dependant, as set out in Regulation 78(3).
- 2.2 If the beneficiary survives the member, on the member's death the beneficiary becomes entitled to the payment of a pension for life, subject to Regulation 81(3) and Regulation 160 [General prohibition on unauthorised payments].
- 2.3 There are a number of conditions to be met before a member can choose to allocate a part of their pension. This includes but is not limited to the restriction that the member cannot be in receipt of their pension (other than due to partial retirement) at the date that allocation takes place.
- 2.4 Regulation 79 of the 2015 Regulations sets out a number of restrictions on how much pension a member can choose to allocate. Administrators should check that all relevant conditions to make an allocation have been met. This process is not covered in detail in this guidance.
- 2.5 An election to allocate may not be withdrawn, amended or revoked after it has taken effect, even if the beneficiary predeceases the member.
- 2.6 If the member wishes to allocate pension to more than one beneficiary, the member must make a separate allocation in respect of each beneficiary.
- 2.7 It is assumed that after calculations have been carried out, all relevant restrictions on the amount of pension that can be allocated will be checked. This process is not covered in detail in this guidance.
- 2.8 Regulation 101 provides that a surviving adult's pension on death of the member is reduced if the dependant is more than 12 years younger than the member. The factors in this note have been calculated on the basis that the allocated pension payable under regulation 81 to the beneficiary of an allocation election is not included within the definition of the surviving adult's pension, and so would not be reduced under regulation 101.

### Calculations

- 2.9 The factors are intended to be used to identify the amount of pension the dependant will receive on the member's subsequent death should the member give up a fixed amount of pension.
- 2.10 The amount of dependant's pension secured is calculated by multiplying the amount of pension that the member wishes to give up (allocate) by the relevant factor given in the tables in Appendix B.

- 
- 2.11 The appropriate factor for the member's age (down the side of the table) and the dependant's age (across the top of the table) should be used, where age in each case is taken as age in completed years at the date the member's pension is due to come into payment.

**Pension increases**

- 2.12 Pension increases are payable on the amount of pension actually in payment and so the part of pension surrendered on allocation will not qualify for such increases as part of the member's pension.
- 2.13 The pension secured for the beneficiary as a result of the allocation will, however, be subject to increases in its own right, and it will attract pension increases appropriate to a pension beginning on the same date as the allocation was made.

### 3 Examples

- 3.1 This Section sets out a worked example to help illustrate how the factors should be applied.
- 3.2 The conditions for allocation and restrictions on amounts which can be allocated are not considered within these examples. These examples are only for illustration on how factors should be used and may not represent actual possible scenarios.

#### A. Member retiring in normal health allocating to an adult dependant

Member age:	55
Member's gender:	Male
Member's pension at retirement:	£25,000 pa
Pension member wishes to allocate:	£1,000 pa
Dependant age:	46
Dependant's gender:	Female
Appropriate allocation factor:	4.444
Member pension after allocation	£24,000 pa
Additional dependant's pension on member's death due to allocation only:	
4.444. x £1,000.00 = £4,444.00 pa	

## Appendix A: Assumptions underlying factors

### Financial assumptions

Nominal discount rate	4.448%
Real discount rate (in excess of CPI)	2.40%

### Mortality assumptions

Base mortality tables	S2NMA_L and S2NFA
Base table adjustment	Member and dependant: 92% of S2NMA_L (M) and 80% of S2NFA (F) (as per 2016 valuation)
Future mortality improvement	Based on ONS principal UK population projections 2016
Year of Use	2020

### Other assumptions

Allowance for commutation	Nil
---------------------------	-----

## Appendix B: Allocation Factors

The factors provided in Appendix B are suitable for use for calculating additional dependants' pension due to allocation:

**Table 718 in consolidated factors spreadsheet**

**NEW JUDICIAL PENSION SCHEME 2015: ACTUARIAL FACTORS  
ALLOCATION FACTORS – MALE MEMBER AND FEMALE BENEFICIARY  
ADDITIONAL BENEFITS PAYABLE TO THE DEPENDANT PER £1 PENSION ALLOCATED BY THE MEMBER**

## Appendix C: Limitations

- C.1 This guidance should not be used for any purpose other than those set out in this guidance.
- C.2 The factors contained in this guidance are subject to regular review. Scheme managers and administrators need to ensure that they are using the latest factors, as relevant, when processing cases.
- C.3 Advice provided by GAD must be taken in context and is intended to be considered in its entirety. Individual sections, if considered in isolation, may be misleading, and conclusions reached by a review of some sections on their own may be incorrect. GAD does not accept responsibility for advice that is altered or used selectively. Clarification should be sought if there is any doubt about the intention or scope of advice provided by GAD.
- C.4 This guidance only covers the actuarial principles around the calculation and application of allocation factors. Any legal advice in this area should be sought from an appropriately qualified person or source.
- C.5 Scheme managers and administrators should satisfy themselves that allocation calculations and benefit awards comply with all legislative requirements including, but not limited to, tax and contracting-out requirements.
- C.6 This guidance is based on the Regulations in force at the time of writing. It is possible that future changes to the Regulations might create inconsistencies between this guidance and the Regulations. If users of this guidance believe there to be any such inconsistencies, they should bring this to the attention of MoJ and GAD. Under no circumstances should this guidance take precedence over the Regulations. Administrators should ensure that they comply with all relevant Regulations.
